Thank you for your interest in attending our Annual Summer Mini Camps 2018! These camps will allow students to experience hands on experience with learning 21st century skills. During these camps students will be guided to make their own sense of the world and become more culturally diverse. Students will also gain critical thinking skills and become nimble, creative thinkers who can work well with others.

There are three different camps that your child can attend Literacy, Math and STEM/STEAM camp.

Students will learn strategies to become more fluent independent readers and improve comprehension in both fiction and non-fiction. Students will further develop their problem solving and analytical skills while fostering their passion for math. Students will also gain skills for careers, empower their creative juices, and learn to become innovators. STEM is not just for guys. Girls can like and enhance their knowledge as well.
